

SFX: Distant traffic hum. A subtle train announcement. The faint whirr of an AC vent.

SFX: A soft yawn.

VOICE

(Low, soft, mildly disappointed)
You left me again. For shoes. For
spreadsheets. For circling back
at 9:09 AM

SFX: The screech of subway brakes. A phone ping.

VOICE

You could've stayed.
We were perfect last night.
Me. weighted. You. burritoed. A
match made in fluffy clouds.

SFX: Slight shift in blanket fabric. A memory.

VOICE

(More persuasive)
Instead, you chose...dirty socks.
Deadlines. The scent of bus seats
still wet from last night's
pukers from the bar.

VOICE

(Now seductive)
You don't need productivity.
You need pressure.
From me.

SFX: A breath. Gentle. Safe. Familiar.

VOICE (whispered)

Turn around.
Call in horizontal.
I'm still warm.

TAGLINE (warm, certain)

Bearaby. Stay in. Stay soft.
